Tucson AZ 85711

Dear Diane,

On behalf of all of us at Sister Jose Women's Center, we are most grateful to the Larry M. Levey Foundation for your generous support. Your contribution of \$10,000 will go a long way in making it possible to expand the number of overnight beds we are able to offer women currently experiencing homelessness. We are in the final stages of architectural drawings and then commencing with the permitting phase. We expect to be able to begin work before the end of the year. We will keep you updated on the timeline as it evolves.

Just imagine, as the weather turns into cold desert nights, your assistance will allow us to provide a safe and warm place for more women who would otherwise be on the streets. Your demonstrated support speaks to your compassion towards these women in our community and it is because of support like yours that we can give them hope.

As you learned from the tour, we have a very small staff, ensuring that most of the resources go directly to serving our women. We rely on a cadre of volunteers that now number more than 250 individuals. Being the backbone of our organization, we are always looking to expand our volunteer community. We offer volunteer trainings twice a month that prepare our volunteers in a warm and welcoming environment with a wide range of areas to explore and learn about within the Center.

We will be in keep you updated on the progress of the expansion and look forward to the next time we speak.
